AUTO DRAFT (ACH)

INFORMATION

Auto Draft is reliable, accurate, on time and confidential. This is the most confidential way you can pay your bills. It is a transaction from your financial institution to ECSUD’s financial institution.

- Each Auto Draft is deducted from your account around the 10th of each month.
- Each bill paid automatically from your checking account is listed on your monthly bank statement.

To start the process, you simply complete the bottom portion for your financial institution to debit your account and transfer the money to ECSUD’s financial institution. The authorization requires your bank account number and the bank’s routing number.

ECSUD will continue to send you a statement each month showing the amount due.

PLEASE ATTACH A VOIDED CHECK TO THIS FORM
Auto Draft will NOT be setup without an accompanying voided check
